Membership tags will be issued to all eligible stockholders **or** their tenants (**not both**) who reside at Cedar Lake on a yearly basis. Stockholders must be in good standing with at least half of the 2020 Share of Expense (\$475) (plus any amounts in arrears, if applicable) paid to the CLPO to receive tags. **Note: please allow 2 weeks for processing of membership badge requests.**

Each boat requires (1) boat tag. Please place one boat tag on each boat, regardless of whether they are kept on a landing or on private property. Boat tags provide a quick way of notifying boat owners when their boats have been found adrift.

Untagged boats are subject to removal and a \$100.00 (per boat) reclaim fee will be assessed.

**Please note that non-Cedar Lake boats are NOT permitted on the lake, even if they belong to stockholders' guests. This is to prevent invasive species from being brought into the lake.**

**We appreciate your cooperation in adhering to these rules.**

**A swimming lesson sign-up form is attached for your convenience** - swimming instructions are given by the swim instructor to the children of paid stockholders' families or his/her tenants' families who reside at Cedar Lake during the summer. The swimming program participant's fee covers swim lessons and/or swim team participation (one fee covers both programs). This year's fee is \$50 per child with a maximum of \$125 per family. **Please make checks payable to the Cedar Lake Property Owners, Inc.** Swim team events are under the supervision of the Cedar Lake Community Club (CLCC). You must also be a paid-up CLCC member in order to participate on the swim team.

If you would like to nominate a stockholder for a seat on the CLPO Board of Directors, please contact the Secretary or any Board member for a nomination card. All nominations must be received by **July 3, 2020** in order to be placed on the ballot for our Annual Meeting on September 18, 2020. Nominations cards are also available at [www.clpoinc.com](http://www.clpoinc.com). All candidates will be listed in alphabetical order on the ballot and absentee ballot/proxy cards.

**REMINDER:** The CLPO will be requesting permission from the Department of Environmental Protection (DEP) to lower the lake this year beginning in late September to allow for work to be done on docks and lake walls. If you plan to repair or install a dock or lake wall, please submit your request, including detailed

plans, to the CLPO Secretary. **An electronic copy of your request and four paper copies are required.** Please allow two months for CLPO Board review and approval.

**As we approach the swim season please keep in mind that during periods of heavy rainfall, one can expect a higher than normal reading of E. coli at the beaches.** We will post an advisory on the bulletin board if a reading is in exceedance and will also send an email blast. In conjunction with our lake management and water testing companies, the CLPO Board monitors information regarding water quality and changes that may occur due to seasonal weather conditions.
